# YOUTH ON THE MOVE

## A Mentorship Program Presented by Anthony James

Building the next generation of leaders — one young man at a time.

**AGES 11–15 • 12-WEEK PROGRAM • BASIC LIFE SKILLS • CERTIFICATE OF COMPLETION**

## The Importance of Mentorship (Ages 11–15)

The ages of 11 to 15 are some of the most critical years in a young person's life — a time when they're figuring out who they are, who they want to become, and who they listen to.

Without positive guidance, they may turn to the streets, social media, or negative influences to fill that void.

Mentorship fills the gap: it gives them a trusted voice, a positive example, and a safe place to be real.

A mentor doesn't just talk — they show up, they listen, and they lead by example.

## The Positive Impact That Lasts a Lifetime

- **Confidence and Self-Worth** — Young people who are mentored believe in themselves and their future.
- **Better Decisions** — Mentorship teaches them to think before they act and choose wisely.
- **Life Skills That Stick** — Practical skills they carry into adulthood: communication, discipline, goal-setting, and more.
- **A Different Path** — Mentorship keeps them off the streets and on the road to purpose.
- **Hope and Direction** — They leave knowing someone believed in them and that their life matters.
